Valuable information about Medicare Part B prescriptions

(This notice applies only to retirees with SHARP Rx coverage)

If you may be eligible for Medicare Part B coverage now (or in the near future), we want to inform you how to receive your Medicare Part B-eligible medications and supplies. Medicare Part B is the primary payor for your Part B-eligible prescriptions. Medco* is now offering a new service through **Medco By Mail**. Starting December 1, 2007, you will be able to fill Medicare Part B-eligible prescriptions with the convenience of mail order.

When using this service, you will initially send your prescription to Medco By Mail. Then, depending on the type of medication or supply requested, Medco By Mail will transfer your prescription information to one of two Medicare Part B-participating mail-order pharmacies—**Liberty Medical** or **Accredo Health Group**, Medco's specialty pharmacy. Both Liberty and Accredo have extensive experience with Medicare Part B and will support the dispensing and billing of your prescriptions. You'll typically receive your order within 10 days from when your new prescription arrives at the mail-order pharmacy. You or your doctor may be contacted by Medco, Liberty, or Accredo if there is a question about your prescription order.

If you prefer, you can use a participating retail pharmacy to fill your prescriptions for Medicare Part B-

eligible medications and supplies. When using a retail pharmacy, you will be asked to present your Medicare ID card. The retail pharmacy will work with you to bill Medicare on your behalf. The pharmacy will also submit any other claims that may be eligible for additional coverage. Most independent pharmacies and national chains are Medicare providers.

What types of medications and supplies are eligible for Medicare Part B coverage?

Some of the prescriptions typically covered by Medicare Part B include:

- Diabetes supplies (test strips, meters, syringes)
- Medications to aid tissue acceptance from Medicare-covered organ transplants
- Certain oral medications used to treat cancer
- Certain medications used in situations where the kidneys have completely failed
- Certain inhalants used in nebulizers (devices that deliver liquid medication in mist form)

If your prescription is not eligible for Medicare Part B coverage, the mail-order or retail pharmacies will bill you the usual co-payment for your medications and supplies. For information about which medications or supplies are Medicare Part B eligible, and to learn more about your Medicare coverage, visit the Medicare website at

SPECIAL REPORT

1. Reformation Tour

There may still be one or two spaces left. Go to the website

www.nadadventist.org/retRETevents.html

for full information.

2. Adventist Historical Village @ Battle Creek

On Sunday, July 6, through Wednesday, July 9, we're having an old-fashioned "Adventist Work Bee." We need 15 people for this project. Please write me.

3. MegaVoice This is the special solar-powered player that costs only \$35 each. My hope is that our retirees will sponsor 10,000 sets of the players and Bible lessons. A special fund has been established in the North Pacific Union Conference for this project. This little unit that uses the power of the sun to lead precious souls to the Son! Contributions are tax-deductible. Please send

your contribution to NPUC, 5709 N 20th St., Ridgefield, WA 98642
Attn: Steve Vistaunet.

4. Recent Visits My wife and I visited the Carolina Conference retirees at beautiful Noscoa Pines Camp. Then we attended the Arkansas-Louisiana Retirees Conference at lovely Camp Yorktown Bay, led by former GC treasurer Don Gilbert. The Texas Conference retirees' weekend is this week – then we'll travel to Bermuda to meet with their retirees.

So long for now!

Steve Gifford
