Supplemental Healthcare Adventist Retirement Plan  
Standard Program – less than age 65 with Social Security Disability  
January 1 to December 31, 2017

Introduction

The North American Division of Seventh-day Adventists (NAD) offers a healthcare assistance plan for certain Eligible Retirees, their Eligible Spouses and Eligible Dependent children through its Adventist Retirement Plans office. This document describes the Standard Supplemental Healthcare Adventist Retirement Plan (SHARP) for those less than age 65 with Medicare as primary healthcare coverage (SHARP Disability) for the 2017 Plan Year. Capitalized terms used in this document are defined in the Glossary.

Under Standard SHARP, retirees who qualify may choose among the following SHARP Options:

- Base Option, which provides coverage that coordinates with Original Medicare Part A and B medical benefits,
- DVH Option (Dental, Vision and Hearing),
- Rx Option (Commercial Prescription Drug), or
- A combination of these Options.

Other healthcare assistance programs are available to certain retirees, eligible spouses and dependent children who are not entitled to Medicare. Refer to the 2017 SHARP-Ex and the SHARP Pre-Medicare / Non-Medicare documents for information about those programs.

Important Plan Changes for 2017

- Aon Retiree Health Exchange assists each Medicare age eligible retiree (age 65 or older) and their Medicare age eligible spouse with enrollment in a healthcare plan to supplement Medicare Part A, Part B and Part D.
- Eligible Retirees and Eligible Spouses or Eligible Dependent children, who qualify for Social Security Disability, will continue the SHARP Base or MCx option they were enrolled in prior to 1-1-2017. The age change eligibility rules of age 65 and age 26 will apply (see the Eligibility section of this document)
• New enrollments under Standard SHARP—Disability will only have the Base Option for Medicare coordinating coverage. This class of individuals will have the opportunity to enroll in the commercial Rx Option for prescription drug coverage.

Coordination with Medicare

The Base, MCx and Rx Options require eligibility for and enrollment in original Medicare (Parts A and B). Medicare requires U.S. residency. SHARP is not a qualified ‘Medicare supplemental coverage’ plan as administered by various insurance companies (Medicare Advantage and MediGap plans) and regulated by states, generally designated as plans A – N of Medicare.
The Base and MCx Options are described later in this booklet. The Rx Option is also described in more detail in the prescription drug section of this document.

Medicare health insurance is available to individuals who are age 65 even if their “normal” retirement age is at a later date.

A retired minister who has opted out of Social Security and who will not become eligible for Medicare may not select SHARP Options because Medicare Part A and B enrollment is required to participate.

Information about Medicare enrollment, service and benefits can be obtained at the Medicare website, www.medicare.gov or by calling Medicare at 1-800-633-4227.

This Plan document describes the Plan’s provisions for the period January 1, 2017 through December 31, 2017. All benefit limits and deductibles are based on the Plan Year. A member who enrolls in SHARP during the Plan Year will have access to full limits and will be subject to full deductible without pro-ration.

Retirees Share in SHARP Cost

The NAD pays part of the cost for SHARP coverage. This is based primarily on years of qualifying church service credit and the policies in place at retirement as described in the Earned Credit section. Eligible Retirees pay the remainder of the cost.

Timely Enrollment is Important

*There is no automatic enrollment in SHARP.* Retirees who do not timely enroll will not be eligible for assistance with health care costs. An enrollment form is included at the end of this booklet.

Limited Options for Changing Benefits

There are limited opportunities to change benefit selections under SHARP. Therefore, it is important to read this document carefully to fully understand these limits and then
select the benefit options that make sense for the Eligible Retiree and the Eligible Spouse and/or Eligible Dependent.

### Eligibility

#### Retiree Eligibility

To be an Eligible Retiree in Standard SHARP-Disability Base, MCx and Rx Options, a retiree must be enrolled in Medicare Parts A and B. To enroll in all SHARP options, including the DVH Option, an Eligible Retiree must have at least 15 years of Retirement Plan Service (as defined in the Glossary) and be:

1. a beneficiary of one of the Defined Benefit Plans or Defined Contribution Plan (see page 9 for the reference to years of service for the Seventh-day Adventist Hospital Retirement Plan), or
2. a beneficiary in the Canadian Retirement Plan operated by the Seventh-day Adventist Church in Canada and have a retirement benefit resulting from Retirement Plan Service in either the Defined Benefit Plan or the Defined Contribution Plans.

In addition, certain individuals who are otherwise eligible for healthcare assistance under special arrangements with foreign Seventh-day Adventist church entities for their resident retirees, or through other policy provisions, can remain eligible for SHARP. Non-NAD service in foreign divisions does not qualify a retiree for healthcare assistance under SHARP for those who transfer to and begin employment in the NAD after 1999.

A retired minister who has opted out of Social Security and who will not become eligible for Medicare may not select the SHARP Options because Medicare Part A and B enrollment is required to participate in those Options. The DVH Option is the only benefit available to this category of retiree.

An Eligible Retiree who is:

1. less than age 65 may select coverage under Pre-Medicare SHARP, which offers choices of medical, DVH and Rx options. The Pre-Medicare SHARP Options are described in a separate document.
2. less than age 65, but is enrolled for Medicare Parts A and B because of a disability, may select coverage only from the Standard SHARP-Disability Options described in this document.
3. age 65 or older may select coverage only from the Standard SHARP-Ex Option.

#### Spouse Eligibility
To be an Eligible Spouse in Standard SHARP, an Eligible Retiree’s spouse:

1. must be entitled to Medicare Parts A and B, and

2. must be covered for a joint and survivor (J&S) spouse benefit by the Eligible Retiree under the Defined Benefit Plan (or have a similar status by election under the Defined Contribution Plan in accordance with procedures established by the SHARP Office), or be eligible under the special rules described in the section on Special Enrollment Rights – Family Status Changes.

An Eligible Spouse who is:

1. less than age 65 may select coverage under Pre-Medicare SHARP, which offers choices of medical, DVH and Rx Options. The Pre-Medicare SHARP Options are described in a separate document.

2. less than age 65, but enrolled for Medicare Parts A and B because of disability, may select coverage only from the Standard SHARP-Disability Options as described in this document.

3. age 65 or older may select coverage only from the Standard SHARP-Ex Option.

An Eligible Retiree’s spouse who works full-time and is eligible for coverage under his/her employer’s healthcare plan is not an Eligible Spouse unless he/she takes primary coverage under the employer’s healthcare plan.

In instances of a previous marriage, the policy regarding retirement benefits, including healthcare, is directed by the NAD Retirement Plan policy and guidelines which may include a requirement for a court order (sometimes referred to as a QDRO). This may affect the healthcare eligibility for the current spouse and may also result in reduced healthcare assistance for that spouse.

The Plan reserves the right to review and approve spouse eligibility in the year of the retiree’s retirement.

### Dependent Children Eligibility

A dependent child of an Eligible Retiree or Eligible Spouse may be eligible for coverage under Standard SHARP. An Eligible Dependent is:

1. the child (including a child born to you and/or your spouse, adopted child or child under legal guardianship) of an Eligible Retiree or Eligible Spouse prior to the date of the Eligible Retiree’s retirement, or a child who becomes eligible under the special rules described in the section on Special Enrollment Rights – Family Status Changes; and

2. under age 26;
3. A disabled child, until the child attains age 26. An Eligible Dependent described above shall remain an Eligible Dependent for 60 days following the death of the Eligible Retiree (or the second to die of both the Eligible Retiree and Eligible Spouse), and shall remain covered by the then existing coverage options until the end of such 60 days, unless an earlier termination of coverage is requested in writing on behalf of the Eligible Dependent. An Eligible Dependent described above shall cease to be eligible for benefits under Standard SHARP-Disability when he/she attains age 26.

A dependent child of an Eligible Retiree or Eligible Spouse who is not covered under Medicare is generally eligible for healthcare assistance while under age 26 (without regard to disability status). However, only Non-Medicare SHARP may be selected for dependent children. Please refer to the Pre-Medicare/Non-Medicare SHARP document for information about dependent child eligibility and benefits.

Eligibility Exclusions

1. Beneficiaries of the Regional Retirement Plan are not eligible to participate in SHARP.

2. The SHARP Options are not available to individuals who reside outside of the United States.

Enrollment and Enrollment Changes

The effective date for Standard SHARP - Disability coverage is generally the same as the retirement effective date for the Eligible Retiree. An Eligible Retiree must select Standard SHARP Options for himself/herself, as well as for any Eligible Spouse or Eligible Dependent, within 30 days of the retirement effective date. The Base and MCx Options of SHARP require eligibility for and enrollment in original Medicare (Parts A and B).

Without a timely submitted and signed enrollment form from the Eligible Retiree, healthcare assistance will not be provided under Standard SHARP.

Limits for Enrollment Changes

Except as provided below in the section on Delayed Enrollment Due to Other Coverage and the section on Special Enrollment Rights, each Eligible Retiree and Eligible Spouse has only the following opportunities to elect Standard SHARP benefits.

1. Within 30 days of the Eligible Retiree’s effective date of retirement (or loss of other coverage as described under the new retiree Delayed Enrollment provision below).
2. An Eligible Retiree or Eligible Spouse, who selects Pre-Medicare SHARP prior to age 65, may enroll in Standard SHARP-Ex within 30 days of reaching age 65. The Eligible Retiree or Eligible Spouse will then be entitled to select any of the Standard SHARP-Ex Options.

➢ **Important Note**: With very limited exceptions as identified below, the coverage selected during the above-listed enrollment opportunities will remain in effect during the life of the Eligible Retiree and the Eligible Spouse.

**Delayed Enrollment Due to Other Coverage – New Retiree Only**

A newly Eligible Retiree may choose to delay ALL Standard SHARP coverage, for himself/herself or an Eligible Spouse or Eligible Dependent, if at his or her retirement effective date, other healthcare coverage was in place. If Standard SHARP coverage is delayed for this reason, it can only be obtained in the future if one of the criteria listed in the section ‘Loss of Other Coverage’ are met.

For such a delay to be approved, the following must occur:

1. Within 30 days of retirement, the Eligible Retiree must provide the following information to the SHARP Office:
   a. the name of each person with current other coverage
   b. the name and address of the other coverage

2. Within 30 days of the loss of other coverage, the Eligible Retiree must contact the SHARP Office and complete all required SHARP enrollment forms.

**Loss of Other Coverage**

For the purposes of this section, a “loss of other coverage” means an involuntary loss of other coverage in any one of the following events:

(i) loss of eligibility for coverage due to termination of employment (such as an Eligible Spouse’s termination of employment), or
(ii) loss of healthcare benefits from VA, TriCare, Medicaid, state/federal plan and other retirement plan healthcare coverage.
(iii) any insurance carrier issues involving a move by an ARHE participant, required the Retiree to work directly with Aon Retiree Health Exchange.

“Loss of Other Coverage” does not include the voluntary decision of an Eligible Retiree or Eligible Spouse to terminate other healthcare coverage
The Eligible Retiree must notify SHARP of a “loss of other coverage” within 30 days.

In the case of an Eligible Retiree who is currently working within Retirement Plan guidelines for an employer that is participating in either the Defined Benefit Plan or the Defined Contribution Plan, a “loss of other coverage” also includes a loss of eligibility for coverage as a result of legal separation, divorce, death or reduction in the number of hours of employment.

**Special Enrollment Rights – Changes in Family Status**

An Eligible Retiree may enroll his/her newly married non-Eligible Spouse or any other Eligible Dependent in SHARP as a “special enrollee” if any one of the qualifying events happens:

1. Marriage
2. Birth of a newborn
3. Adoption or placement of a child in the home for adoption
4. Loss of other healthcare coverage as described under the Loss of Other Coverage section of the plan.

If any one of these events happens, the Eligible Retiree must enroll the newly acquired non-Eligible Spouse and/or Eligible Dependent promptly, within 30 days of the qualifying event.

**Discretionary Special Enrollment**

The Adventist Retirement Board may find it necessary to make significant changes in Standard SHARP. Should this occur, SHARP may provide an opportunity to change some or all elections previously made under Standard SHARP.

**High Inflation Special Enrollment**

Healthcare costs can increase significantly. The Adventist Retirement Board reserves the right to increase contributions with appropriate notice. If the three-year average percentage increase of the retiree contributions exceeds the percentage increase in the Consumer Price Index (CPI-U) for the previous year, SHARP may allow a special enrollment period in which Eligible Retirees are permitted to permanently REDUCE Standard SHARP coverage.

**Pre-Medicare SHARP Expiration**

If an Eligible Retiree or Eligible Spouse is enrolled in Standard SHARP – Disability or Pre-Medicare SHARP, upon reaching age 65, these SHARP coverages will be
terminated. An open enrollment is available to the individual turning age 65 to enroll in the Standard SHARP-Ex Options.

Re-Employment

If an Eligible Retiree or Eligible Spouse returns to full-time employment subsequent to enrollment in Standard SHARP and becomes eligible for an employer healthcare coverage, Standard SHARP requires the Eligible Retiree and/or Eligible Spouse to terminate benefits in Standard SHARP. To be reinstated into Standard SHARP, a written request, with documentation of loss of coverage, must be submitted to the SHARP Office within 30 days of the loss of other coverage.

Surviving Retiree or Eligible Spouse

Upon the death of either the covered Eligible Retiree or Eligible Spouse/Eligible Dependent, SHARP will stop taking deductions for the deceased beneficiary. However, a surviving Eligible Retiree or Eligible Spouse will need to contact SHARP for assistance with continuation of medical or prescription drug benefits.

Requested Termination of Benefit

If, at the request of the Eligible Retiree or Eligible Spouse, SHARP Base, MCx, Rx or DVH benefits are discontinued, the termination of benefits will be considered permanent and will not be reinstated. This termination rule applies even if the person otherwise meets the requirements for a Standard SHARP open enrollment period described above in the Limits for Enrollment Changes section.

Your Responsibility to Report Family Changes

Since SHARP may be unaware of family changes that might affect you and your family member’s eligibility for the Plan or the proper administration of the Plan, it is your responsibility to report change in eligibility of general family or other status to SHARP within 30 days of the change. Failure to do so may hamper SHARP’s ability to effectively administer benefits under the Plan. Examples of the types of changes that you must report are: marital status changes such as divorce, full time employment, loss of disability status of a dependent child, change in address/telephone number, eligibility for Medicaid assistance.

**Earned Credit - Eligibility and Amounts**

**Standard SHARP - Disability Earned Credit – In General**

An Earned Credit is calculated for Eligible Retirees based on years of Retirement Plan Service. The Earned Credit is the monthly amount that is made available to assist an Eligible Retiree with the costs of the Standard SHARP Options selected.
Each Eligible Retiree (and each Eligible Spouse and/or Eligible Dependent) will receive his/her own Earned Credit. That means that both the Eligible Retiree and Eligible Spouse are covered under Standard SHARP, they will each receive an Earned Credit for Standard SHARP. If eligible for an Earned Credit, an Eligible Retiree or Eligible Spouse who selects benefits under both Standard SHARP and the Pre-Medicare SHARP will receive two Earned Credits, one for Standard SHARP and another Earned Credit for Pre-Medicare SHARP.

The Earned Credit is applied to the total cost of the Options that each individual selects. If the costs of the selections exceed the Earned Credit, the balance will be withheld from the Eligible Retiree's monthly retirement benefits (or direct billing arrangements are made if no retirement benefit is available). If the cost of the SHARP Options is less than the Earned Credit, the amount left over is neither paid to the Eligible Retiree, nor can it be used to cover another family member.

Standard SHARP Earned Credit may only be used for Standard SHARP. This is true for Pre-Medicare SHARP and Non-Medicare SHARP as well. Pre-Medicare and Non-Medicare SHARP covered members may only use their Earned Credit for that category of coverage.

**Determining the Earned Credit Category**

The category in the Earned Credit Table is determined based on the sum of years of Retirement Plan Service from the following sources:

- Pre-2000 years under the Defined Benefit Plan
- Post-1999 years under the Defined Contribution Plan
- 2000-2004 under the “career completion option” under the Defined Contribution Plan
- Canadian Retirement Plan
- Non-NAD service in foreign divisions for those who transferred to and began employment in the NAD before 2000.
- Bermuda

**Important Note for retirees with Adventist hospital service:** Years of service with the Adventist hospital system generally do not count as Retirement Plan Service under SHARP. Exceptions to this exclusion include those who retired prior to 1991 and those 'grandfathered' employees who, on December 31, 1991, were in denominational employment and were 55+ years of age with 25+ years of service credit, as determined under SHARP in effect in 1991.
Eligibility for Earned Credit

Those eligible to participate in SHARP are eligible for an Earned Credit as follows:

- **For an Eligible Retiree:**
  - The retiree is at least age 65, or
  - The retiree is less than age 65 but has 40 years of qualifying Retirement Plan Service, or
  - The retiree was eligible for early retirement prior to 2003, regardless of when retirement actually occurred, and was determined eligible for healthcare assistance with 15 or more years of Retirement Plan Service.

- **For an Eligible Spouse:**
  - The retiree must be eligible for Earned Credit,
  - The spouse must have been an Eligible Spouse as of the retiree’s retirement effective date, and
  - No age requirement applies for the Eligible Spouse.

- **For an Eligible Dependent:**
  - The retiree must be eligible for Earned Credit,
  - The Eligible Dependent must be under age 26, and
  - The child must have been determined to be an Eligible Dependent as of the retiree’s retirement effective date or meet the rules of Special Enrollment Rights-Change in Family Status requirements.

- **Future Eligibility for Earned Credit**

  Retirees who are under age 65 and have fewer than 40 years of Retirement Plan Service (who are thus not eligible to an Earned Credit) may participate in Pre-Medicare SHARP, and the DVH or Rx Options, at their own cost.

  An Eligible Retiree will become entitled for an Earned Credit once he/she meets the Earned Credit eligibility as described above.

  An Eligible Spouse and/or Eligible Dependent will qualify for an Earned Credit *only* when the Eligible Retiree qualifies for an Earned Credit.

</tbody>
</table>

**Note:** The columns above showing less than 15 years are for special situations such as divorce and pre-retirement re-marriage where a residual amount of healthcare is available to a new spouse. Eligibility for SHARP participation requires 15 years of Retirement Plan Service.
The Eligible Retiree or Eligible Spouse with combined Defined Benefit and Defined Contribution service credit is eligible to receive reimbursement for a percentage of the regular Medicare Part B premium if the individual is at least age 65 and the Eligible Retiree has 15 or more years of Retirement Plan Service and is eligible for an Earned Credit.

If the effective retirement date is 1-1-2015 or later, and the Eligible Retiree has only post-1999 service (Defined Contribution), there is no Medicare Part B premium reimbursement benefit for the Eligible Retiree or Eligible Spouse.

Medicare Part B premium reimbursement is based on $104.90. A copy of the Medicare Health Insurance card must be submitted to the SHARP Office for the reimbursement to be included in the monthly retirement benefits. Cards submitted after the Medicare Part B effective date will be retroactively reimbursed to the later of the Medicare Part B effective date or the Eligible Retiree’s retirement effective date, but for no more than 12 months of retroactive reimbursement per covered member.

Participants in the Canadian Retirement Plan and the Retirement Plan who are eligible for healthcare assistance may only participate in one healthcare plan at a time. They must choose between SHARP and the Canadian healthcare plan. Based upon primary residence they may change from one plan to the other no more frequently than every 18 months. Medicare Part B premiums may be reimbursed to those who qualify even if they are not participating in SHARP and are participating in the Canadian healthcare plan.

Standard SHARP – Disability Option and Costs

Standard SHARP-Disability Option is only available to members who have met the eligibility requirements as noted in the Eligibility section of this document. Standard SHARP-Disability can be selected in combination with each other (Base Option, DVH Option and Rx Option).

The deductibles, payment percentages and other limits for each SHARP Option are illustrated on the Schedule of Standard SHARP Benefits on the preceding page.

The Base Option has an *annual* deductible of $2,100 per person. The provisions of Standard SHARP do not restrict members to seeking services within a provider network.

Effective 1-1-2017 the plan will not allow new enrollment into the MCx Option. The MCx Option has *no* annual deductible.

The following four Standard SHARP Options with 2017 costs are:

- **Base (Medicare Extension) Option**: $35/month/person
- **DVH (Dental, Vision and Hearing) Option**: $90/month/person
- **MCx (Medicare Extension) Option (no new enrollments)**: $175/month/person
- **Rx (Prescription Drug) Option**: $120/month/person

Married members may select from the four Standard SHARP-Disability Option independently of each other.

The Base and MCx Options require enrollment in original Medicare Part A and Part B. A retiree who does not enroll in Medicare Part B will not be reimbursed on Part B claims. Except in the case of certain preventive care services described in Appendix A, Medicare must first approve the medical service and the amounts charged and pay its portion before SHARP reimbursement will be made. **If Medicare does not approve an expense, Standard SHARP does not cover the expense.** Current information about Medicare can be obtained at the Medicare website; [www.medicare.gov](http://www.medicare.gov) or by calling Medicare at 1-800-633-4227.
Medical Benefits: Base and MCx Options

The Base and MCx Options generally provide the same limited level of medical benefits. The primary difference between the Base Option and the MCx Option is the following:

- Base Option is subject to an annual deductible
- MCx Option is not subject to an annual deductible

For payment percentages and limits, see the Schedule of Standard SHARP Benefits.

Covered Expenses

The Base and MCx Options generally supplement Medicare Parts A and B to provide protection from catastrophic medical expenses. Although the nature and amount of covered expenses are generally determined by Medicare, Standard SHARP pays a few items differently from Medicare. (see the Schedule of Benefits)

Standard SHARP generally provides reimbursement for Medicare Part A (hospital) deductible and the Medicare Part B (medical/outpatient) deductible and co-insurance for Medicare-approved medical expenses, including:

- a. Medicare hospitalization deductible
- b. Medicare outpatient annual deductible
- c. Medicare co-insurance for hospital days 61 – 90
- d. Medicare co-insurance for hospital days 91 – 150
- e. Skilled nursing facility days 21 – 100
- f. Preventive Services described in Appendix A

Excluded Expenses

Expenses not covered under the Base and MCx Options include:

- a. Expenses not approved by Medicare,
- b. Expenses that exceed Medicare limits and maximums,
- c. Expenses for nursing home care and custodial care, and
- d. Expenses for skilled nursing facility charges for stays exceeding Medicare limits.
Base and MCx Option – Coverage Exceptions:

1. **Blood**: Medicare will usually deny the first 3 pints of blood each calendar year. The Base and MCx Options cover this expense.

2. **Medical Supplies**: The Base and MCx Options provide limited assistance for medical supplies not covered by Medicare such as blood pressure monitors, but only if accompanied by a letter of medical necessity from the treating physician. Reimbursement for these medical supplies (not including colostomy/ileostomy supplies described below) is 80% of the expense with a maximum of $500 per calendar year.

3. **Colostomy/ileostomy Supplies**: The Base and MCx Options provide assistance for colostomy and ileostomy supplies at 80% reimbursement, but only if denied by Medicare.

4. **Incontinence Supplies**: not covered.

5. **Orthopedic Shoes**: Medicare may deny assistance for orthopedic shoes, shoe inserts or similar devices. Under the Base and MCx Options, a covered member can submit such Medicare-denied expenses for reimbursement at 80% of the reasonable and customary cost with a maximum of $600 per calendar year. The claim must include a doctor’s written statement of medical necessity, shoe-fitting documentation and a copy of the Medicare denial.

6. **Support stockings**: not covered.

7. **Wigs**: not covered.

8. **Preventive Care**: Standard SHARP will cover certain preventive care services not otherwise covered by Medicare as described in Appendix A.

Claims submitted for reimbursement as an exception for blood, orthopedic shoes, and colostomy/ileostomy supplies as described above must include a copy of the Medicare denial. However, if the Medicare denial is because the services were provided by a provider that does not participate in Medicare, SHARP will not provide reimbursement.

**Maximum Out of Pocket Limit for Medical Benefits**

Unreimbursed eligible medical essential health benefit expenses and prescription drug benefit expenses under Standard SHARP are limited to $7,150 per person and $14,300 per family in 2017. This out of pocket limit includes any co-payments and deductibles but does not include the premium costs.
Foreign Travel Emergency Medical Benefit

Foreign travel emergency medical benefit is provided under both the Base and MCx Options of SHARP-Disability. All claims must be translated into English and be submitted to the ARM claims office address found on the back of the SHARP ID card.

Reimbursement is limited to unexpected or emergency medical expenses incurred during a personal trip lasting less than 60 days. This benefit has a separate $1,000 per person/year deductible and is not subject to the Base Option deductible. Covered expenses are reimbursed at 80% with a $50,000 maximum benefit per calendar year. Reimbursement is subject to the following terms and limitations:

- Travel due to an invitation of a church entity or volunteer mission is not covered.
- Coverage includes $1,000 to assist with the transport or preparation of remains, not subject to the deductible.
- Coverage includes a companion coach rate airfare if the covered member establishes a medical need for assistance in returning to the United States.
- The covered member must pay for all medical services out of pocket in the country of travel and submit claims to the ARM claims office, along with the appropriate supporting documentation and receipts upon return to the United States. Reimbursement will follow the routine claims process.
- Reimbursement is secondary to any other travel policy purchased by the covered member.

For information regarding short-term medical coverage that can be purchased for denominationally and volunteer sponsored trips or personal trips, please contact ARM:

- by phone at 1-888-951-4276;
- by fax at 1-888-353-6848;
- by email at sttservice@adventistrisk.org; or
- go to their website at www.adventistrisk.com.
The DVH Option includes coverage for dental, vision and hearing services.

The Dental benefit provides coverage for dental services based upon reasonable and customary fees for the geographical area in which the services are rendered. SHARP will pay 80% of reasonable and customary fees, subject to a calendar year SHARP maximum paid amount of $2,200. Any expenses above this maximum amount are not eligible expenses under SHARP.

The covered member is responsible for the 20% coinsurance on approved charges. Fees above the annual SHARP maximum paid amount and any charges above reasonable and customary fees are the responsibility of the member. Unused dental benefits may not be rolled over into the next calendar year. Services that begin in one calendar year will have a date of service in that calendar year. Prior authorization is not required.

Covered Dental Benefits

- Two cleanings per calendar year
- One set of bite wing x-rays per calendar year
- Extractions and periodontal treatment
- Full mouth/panorex x-ray every 3 calendar years
- Implants (Caution: one implant may take your full annual limit)
- Application of fluoride twice per calendar year
- Fillings
- Root canal therapy
- Crowns/bridges/partials/dentures
- Anesthesia, if medically necessary

Dental Exclusions

- Orthodontic treatment
- TMJ/TMD treatment
- Jaw surgery
- Temporary crowns or bridges
- Experimental treatments/procedures
- Cosmetic services
- Toothbrushes

The Vision benefit provides coverage for services including refraction exam, corrective lenses, frames and related expenses. SHARP will pay 80% of the billed costs subject to a calendar year SHARP maximum paid amount of $400. Any expenses above this maximum amount are not eligible expenses under SHARP.
The covered member is responsible for the 20% coinsurance and charges. Fees above the calendar year SHARP maximum paid amount are the responsibility of the member. Surgery or other procedures considered to be medical in nature are not covered under the Vision benefit, but may be covered by Medicare. Unused Vision benefits may not be rolled over into the next calendar year.

**The Hearing benefit provides** coverage for services including hearing tests, hearing aids and the repair of hearing aids. SHARP will pay 80% of the billed costs subject to a calendar year SHARP maximum paid amount of $2,200. Any expenses above this maximum amount are not eligible expenses under SHARP.

The covered member is responsible for the 20% coinsurance and charges. Fees above the calendar year maximum paid amount are the responsibility of the member. The Hearing benefit has a [one year ‘look-back’ provision](#) which allows the payment of any unused benefits from the previous calendar year to be used in the current calendar year.
Prescription Drug (Rx) Option

The eligible member, less than age 65, may choose the SHARP commercial Rx Option. For the eligible dependent child, the Rx Option is included in the Non-Medicare benefit. The Rx Option is a prescription drug program that requires the covered member to pay a portion of the cost of medications in the form of a copayment. Please refer to the Schedule of Benefits section of this document for the outline of the amount of the copayment levels. The Rx Option has a $200/individual and a $600/family (4 or more) annual deductible. Non-compliance with the cost containment rules may result in additional out-of-pocket costs to the covered member. Express-Scripts is the pharmacy benefit manager for the SHARP Rx Option.

The Rx Option benefit provides:

1. Prescription drugs subject to different copay levels for generic and brand name drugs. The co-pay applies to a 30-day supply of prescription drugs when purchased at a retail participating pharmacy, and applies to a 90-day supply when purchased through Express Scripts home delivery. If the actual cost of a medication is less than the co-pay, the covered member may pay the actual cost.

2. An Express Scripts identification card which can be used at retail participating pharmacies, as well as with the Express Scripts home delivery program.

3. Coverage for home health intravenous (IV) medications and the supplies used to administer them. The medication must be part of the Plan drug formulary. SHARP reimburses these expenses at 80% of the cost. Claims are submitted to Express Scripts claims office indicated on the Express Scripts ID card.

Formulary
The Rx Option includes a broad formulary. A formulary is a list of preferred drugs used as a guide for prescribing and dispensing. The formulary used by SHARP is incentive-based. Medications both on and off the formulary are covered, but at differing rates. Certain medications may have differing copayment amounts. SHARP in most instances pays higher benefits when the covered member uses drugs on the formulary list. Periodic changes are made to this list throughout the Plan Year without prior notice to covered members. For information on this formulary, visit the Express Scripts website at www.express-scripts.com or call Express Scripts Member Services toll free at (800) 841-5396. SHARP cannot advise members regarding the formulary and specific drug choices. Always discuss your medications with your treating doctor.

Cost Containment Rules for Prescriptions
As part of the SHARP RX Option prescription drug plan, Express Scripts needs to ensure that medications are dispensed in a safe and appropriate manner. As a result, certain medications may not be covered under SHARP without a review (referred to as “prior authorization”). The medications listed in the following section may be subject to review or quantity limitations based upon FDA approved indications, manufacturer's product labeling and evidenced based clinical guidelines.
Please keep in mind that other medications may be added to these lists in the future without advance notice. For information about the prescription drug benefit, visit Express Scripts online at www.express-scripts.com or call Express Scripts Member Services toll-free at (800) 841-5396.

**Medications Requiring Prior Authorization:** The following medications will be covered for specific uses and will require that the covered member obtain prior authorization (pre-approval) for them to be covered. The prescribing doctor must provide additional information to Express Scripts to determine whether the use of these medications qualifies for coverage. If approved, the covered member will pay the normal copayment amount.

When obtaining prescription medication through a retail participating pharmacy or the mail order program, the following categories of medications may be subject to review and/or restrictions by SHARP:

- Alzheimer’s Therapy Drugs
- Amphetamines
- Analgesics (Stadol)
- Androgens/Anabolic Steroids
- Anti-Emetics
- Anti-Narcoleptic Agents
- Antiviral Agents
- Appetite Suppressants
- Biotechnological Agents/Specialty Medications
- Cancer Therapy
- CNS Stimulants
- COX 2 Inhibitors (Celebrex)
- Select Dermatological
- Erythroid Stimulants
- Fertility Agents
- Growth Hormones
- Hypnotic Agents (Sleep Aids)
- Immune Globulins
- Interferon/Hepatitis C
- Migraine Therapy Drugs
- Multiple Sclerosis Medications
- Myeloid Stimulants
- Ophthalmic (select agents)
- Osteoporosis treatments
- Parkinson’s Therapy (select agents)
Pulmonary (select agents)
Rheumatological

Please call Express Scripts’ Member Services, (800) 841-5396, or visit Express Scripts’ website www.express-scripts.com for further details.

Rx Option Exclusions

1. Compound Medications: Compounds with National Drug Code (NDC) ingredients. Prior authorization is required. (Compounds without NDC ingredients are not covered.)

2. Vitamins and/or dietary supplements are not covered.

Rx Option Considerations

1. Member Pays the Difference for Brand Name Drugs: If a generic medication is available and the covered member insists on the brand name medication, the covered member will be charged the brand name co-pay in addition to the difference in cost between the brand name medication and the generic medication.

2. Step Therapy: SHARP participates in Express Script’s Step Therapy program which requires the covered member to first try one of more specified drugs to treat a particular condition before SHARP will cover another (usually more expensive) drug that the doctor may have prescribed. Step therapy is intended to reduce costs to the covered member and to SHARP by encouraging use of medications that are less expensive but can still treat a condition effectively.

If the covered member is taking a medication that requires step therapy, the covered member will receive a letter explaining that SHARP will not cover the medication unless the alternative medication is tried first. The letter will also have information on how to start a coverage review if the prescribing doctor believes the original prescribed medication should be taken. Please call Member Services, (800) 841-5396 or visit Express Script’s website at www.express-scripts.com for further details.

Do not stop taking any medication prescribed by your doctor without first consulting with the doctor.

3. Quantity per Dispensing Event: If the prescription as written exceeds the generally accepted maximum quantity, the excess is not covered by SHARP.

4. Retail Refill of Long-Term Maintenance Medications: The Plan has an important feature that affects your co-payment and possibly additional Member responsibility for purchases of long-term maintenance medications (such as
those used to treat high cholesterol, high blood pressure, depression or diabetes). If you purchase long-term maintenance medications at a retail pharmacy rather than through the Home Delivery program, after three purchases of the maintenance medication, you must pay the difference in cost between the price of the medication at the retail pharmacy and the price of the medication charged by the Home Delivery program. The Member responsibility above the regular co-payment amount does not accrue toward Plan Year out-of-pocket maximums or deductibles. Please contact Express Scripts’ Member Services Department at (800) 841-5396 for a list of long-term maintenance medications subject to this rule or if you have any other questions regarding this program.

All claims under the Rx Option must be filed within one year of the date of service.

- **Express Scripts Home Delivery:** Claims are automatically filed through the Express Scripts home delivery program.

- **Retail Pharmacy:** The co-payment on a prescription drug claim will be paid to the local pharmacy. The Express Scripts identification card indicates eligibility for the purchase of prescription drugs. Although most pharmacies participate with Express Script’s pharmacy program, there are some that do not. If prescription drugs are purchased at a pharmacy that does NOT participate in the Express Scripts system, members will have to pay the full cost of the prescription filled and file a claim with Express Scripts for reimbursement. Contact Express Scripts at 800-841-5396 to obtain a form for direct reimbursement. Direct reimbursement for a prescription obtained at a non-participating pharmacy will likely result in a higher cost to the covered person.

- **Home Health Intravenous Medication:** Claims should be directed to the ARM claim office, either in the form of a paper or electronic claim, to the address listed on the back of the SHARP identification card. Only covered members who have selected the Rx Option are eligible for home health intravenous medication benefits.

**Maximum Out of Pocket Limit for Prescription Drug Benefits**

Unreimbursed eligible medical and prescription drug expenses under SHARP are limited to $7,150 per person and $14,300 per family in 2017. This out of pocket limit includes any co-payments and deductibles but does not include the premium costs.
Coordination of Benefits

Standard SHARP is an employer-sponsored plan for retirees. A member who enrolls in the Standard SHARP benefits (Base, MCx, DVH and Rx Options) during the Plan year will have access to full limits and will be subject to dull deductibles without pro-ration. SHARP is paid secondary to other healthcare plans available to the member, as indicated below:

- other coverage that is secondary to Medicare, and
- other coverage from current employment of an Eligible Spouse.

SHARP Medical Coordination Rules

SHARP is not insurance. It is a retirement medical benefit available to those who have met certain requirements described in this document and it cannot be required to be primary for any other healthcare benefits the retiree may be enrolled in (including an employer insurance plan, a retiree supplemental insurance plan, a Medicare Advantage or HMO plan, a retiree supplemental reimbursement program for Medicare Part B premium, an auto policy or Worker’s Compensation, etc.). SHARP will coordinate with all other plans where it has secondary or tertiary responsibility by paying up to 100% of otherwise approved or covered amounts. Total Payments between SHARP and another plan will not exceed SHARP’s payment responsibility as if SHARP had been primary.

Medicare is primary for all medical services for a covered member who is less than age 65 and has qualified for Medicare Part A and Part B under Social Security disability rules. Each medical service must first be approved and its portion paid by Medicare before it is considered for payment by Standard SHARP. Except for certain preventive services described in Appendix A, services not approved and paid for by Medicare are generally not covered by either the Base or MCx Option.

SHARP DVH Coordination Rule:

SHARP DVH Option is considered the primary DVH benefit for the member and does not coordinate with other DVH plans.

Medicaid

Covered members who are receiving Medicaid benefits should consult with the appropriate state agency to determine whether Standard SHARP should be retained. The Medicaid program may be dual-eligible with the Medicare program. Standard SHARP will abide by state rules and regulations to determine primary responsibility and may terminate SHARP benefits.
Filing Claims

Timely Filing Requirements

All medical, prescription drug, dental, vision and hearing claims must be filed within one year of the date of service. Claims that are first submitted to Medicare and are delayed by Medicare claims processing will be considered to have been filed on a timely basis if they are received within one year from the date that Medicare pays the claims. Claims filed late will not be reimbursed. Upon enrollment, the Eligible Retiree will receive a SHARP ID card indicating the medical Options selected. Healthcare providers may bill ARM directly.

Paper Claims Address (on the SHARP ID card):

Adventist Risk Management, Inc.
PO Box 1928
Grapevine, TX 76099-1928

Electronic Claims Address (on the SHARP ID card):

WebMD/Envoy Payer ID 75261 CMS Crossover Enabled

- **Prescription Claims** must be submitted per the guidelines of Express Scripts.

- **Medicare Primary claims** are first billed by the provider directly to Medicare. Medicare then automatically sends an electronic claim to Adventist Risk Management, Inc. providing explanation on what services were approved and paid by Medicare. Any remaining balances will be considered for payment for those covered members who have the Base or MCx Option under Standard SHARP. All claims submitted by a covered member for reimbursement after Medicare payment must include a copy of the Medicare Summary Notice (MSN). Most providers will bill Medicare. Generally, it will not be necessary for a covered member to submit balances for payment since Medicare submits these automatically to Adventist Risk Management, Inc.

- **Claims paid first by the covered member** should be submitted with clear proof of payment and a request for reimbursement to be paid to the covered member. Such claims should be mailed to Adventist Risk Management, Inc. at the address listed above or on the back of the SHARP ID card.
Appeals of Denied Claims

The following measures have been adopted to ensure that an appeal of a denied claim will be handled promptly and in a fair, reasonable and consistent manner.

If an Eligible Retiree or Eligible Spouse/Eligible Dependent disputes a claim denial as incorrect, he/she may have the claim reconsidered by submitting a written appeal.

Questions about claims can be resolved by contacting Adventist Risk Management, Inc. (ARM), at P.O. Box 1928 Grapevine, TX 76099-1928. The customer service number is 800-447-5002.

Any appeal must be submitted within the timeline of 12 months from the date of service for the claim.

Adventist Retirement Appeals Procedures

The following appeal procedures apply to claims denied for benefits under Standard SHARP. Plan information may be downloaded¹ by Eligible Retirees and Eligible Spouses. The documents are maintained and amended from time to time by the Adventist Retirement Board, under authority delegated to it by the NAD.

An Eligible Retiree or Eligible Spouse/Eligible Dependent or his/her authorized representative (also referred to as the “claimant”) may request a review of a denial of benefits under Standard SHARP. The SHARP Office (in this section referred to as the “Plan Administrator”) (including the person or committee who has been designated by the Plan Administrator) shall have the power, including, without limitation, discretionary power, to make all determinations that Standard SHARP requires for its administration, and to construe and interpret Standard SHARP whenever necessary to carry out its intent and purpose and to facilitate its administration, including but not by way of limitation, the discretion to grant or deny claims for benefits under Standard SHARP. Subject to the claimant’s right to have the denial of a formal claim reviewed (as explained below), all rules, regulations, determinations, constructions and interpretations made by the Plan Administrator (including the person or committee who has been designated by the Plan Administrator) shall be conclusive and binding.

The Plan Administrator will process claim and appeal determinations in accordance with the HIPAA privacy rules. The Plan Administrator will use and disclose protected health information in accordance with HIPAA obligations. Generally, all identifiable health information will be removed before the appeal is submitted to the Level II and Level III review committees (described below). To the extent it is not feasible to remove identifiable health information; the information will be disclosed to the committees only to the extent permitted by HIPAA. In final appeals, it may be necessary for the claimant

¹ Plan information may be found on the Retirees tab at www.adventistretirement.org
to submit a HIPAA-compliant authorization in order for the committees to consider an appeal. All medical information submitted by a claimant with respect to an appeal will be treated as confidential information.

The terms of Standard SHARP govern the administration of Standard SHARP. The Plan Administrator must interpret Standard SHARP in accordance with its terms. The Plan Administrator cannot grant variance from Plan terms and policies. For example, the Plan Administrator cannot change the terms of Standard SHARP to overturn a benefit determination based upon:

- Documentation of employer promises to provide service credit for ineligible employment;
- Testimonials by employers that an employee qualified for credit when the employee’s service record does not support such testimony;
- Requests for benefit enhancements because of proximity to a benefit threshold; or
- Need-based enhancement of benefits.

Review Process

There are three levels of appeal. All appeal levels must be exhausted prior to filing any civil action for benefits under Standard SHARP.

- Level I: Plan Administrator
- Level II: SHARP Committee
- Level III: Retirement Appeals Committee

Level I Appeal

A claimant may file a request for a review of the initial claim determination by submitting a request in the form required by the Plan Administrator. The request for appeal must be submitted in writing to the address below and must be filed within 45 days after the date of Standard SHARP’s initial claim determination.

Attn: Administrative Appeal
Adventist Retirement Plans
12501 Old Columbia Pike
Silver Spring, MD 20904

The appeal request should include the claimant's name, address, contact phone number, email address and last four digits of the covered member's social security number. If a claimant is an authorized representative of the Eligible Retiree or Eligible Spouse/Eligible Dependent, the claimant must present evidence of his or her authority to act on behalf of the Eligible Retiree or Eligible Spouse/Eligible Dependent. The claimant should also include a copy of Standard SHARP’s initial claim determination and the basis upon which the appeal is being made. If appropriate, this information will
include a reference to Standard SHARP or policy provisions which the claimant believes supports his or her claim for benefits. The claimant may also submit any other information to the Plan Administrator in support of the claimant’s position.

A delegate for the Plan Administrator will review the appeal and relevant information provided by Standard SHARP to make a determination with respect to whether Standard SHARP policy was appropriately interpreted and calculations appropriately done. The Plan Administrator’s Level I decision will be provided to the claimant in writing within 30 days of the receipt of the appeal, unless the Plan Administrator determines that special circumstances require an extension of time to consider the claim. A claimant will be notified in the event an extension is necessary or additional information must be provided. Once all necessary information is provided by the claimant, the Plan Administrator will consider the claim and respond to the claimant in writing within 30 days.

**Level II Appeal**

If the Plan Administrator does not grant the claimant’s Level I appeal, the claimant may submit a Level II appeal to:

Secretary, SHARP Committee  
Adventist Retirement Plans  
12501 Old Columbia Pike  
Silver Spring, MD 20904

The appeal must be sent in writing to the applicable address above within 45 days of the date of the Level I appeal determination notification. The appeal must include a description of the basis upon which the appeal is being made. A claimant may submit any written documentation in support of his or her claim, but is not permitted to appear in person before the committee. The SHARP Committee generally will not consult an independent medical examiner to review a claim; however, a claimant may submit any evidence in support of his or her position with respect to the claim, including the opinion of a medical examiner.

The SHARP Committee generally meets on a quarterly basis and will review the facts of the determination to determine whether the Level I response was appropriate and in accordance with the terms of Standard SHARP. The SHARP Committee will consider the appeal at the next scheduled meeting which occurs so long as the appeal information is received at least 10 days prior to the date of the regularly scheduled meeting. The SHARP Committee will review the Level I appeal record provided by the Plan Administrator. The applicable committee may request additional information from the claimant. The SHARP Committee will notify the claimant of its decision regarding the appeal in writing and within 10 days after the committee meeting in which the appeal was considered, unless special circumstances require an extension of time in which to consider the claim. A claimant will be notified in the event an extension is necessary or additional information must be provided.
Level III Appeal

A claimant may request a final appeal by submitting a request to the Retirement Appeals Committee for review of a determination made by the SHARP Committee under a Level II Appeal.

A written request for appeal must be submitted within 45 days of the date of the Level II appeal determination notification to:

Chairman, Retirement Appeals Committee
Adventist Retirement Plans
12501 Old Columbia Pike
Silver Spring, MD 20904

The appeal must include a description of the basis upon which the appeal is being made. A claimant requesting a final appeal of a claim must complete a HIPAA-compliant authorization in order to authorize the release of appeal information to the Retirement Appeals Committee. A claimant may submit any written documentation in support of his or her claim, but is not permitted to appear in person before the committee. The Retirement Appeals Committee will review the Level I and the Level II appeal records provided by the Plan Administrator. The Retirement Appeals Committee generally will not consult an independent medical examiner to review a claim; however, a claimant may submit any evidence in support of his or her position with respect to the claim, including the opinion of a medical examiner.

The Retirement Appeals Committee is made up of individuals appointed by the Adventist Retirement Board. The Retirement Appeals Committee does not include any employees who work with Plan administration, although the Plan Administrator will meet with the Retirement Appeals Committee to assist the committee members in understanding Standard SHARP policies and the history of this and similar cases.

The Retirement Appeals Committee will meet on an as-needed basis and will respond to the claimant in writing within 60 days of receipt of the Level III appeal, unless special circumstances require an extension of time in which to consider the appeal. A claimant will be notified in the event an extension is necessary or additional information must be provided.

External Claim Appeal Process

The Medicare appeal process can be found by visiting www.medicare.gov/publications in the booklet “Medicare Appeals.” You may also call Medicare at 1-800-MEDICARE (1-800-633-4227).

The external claim appeal process for SHARP is administered through Adventist Risk Management, Inc.
The Health Insurance Portability and Accountability Act of 1996 ("HIPAA") protects the privacy of certain types of individual health information, regulates the use of such information by Standard SHARP and imposes certain security protection measures concerning electronic health information. The Department of Health and Human Services has issued regulations on this subject that can be found at 45 CFR parts 160 and 164 ("HIPAA Regulations"). The individual health information that is protected ("Protected Health Information" or "PHI") is any information created or received by Standard SHARP that relates to:

1. your past, present or future physical or mental health or your past, present or future physical or mental condition,

2. the provision of health care to you, or

3. past, present, or future payment for health care.

However, HIPAA allows medical information, including PHI, to be disclosed by Standard SHARP to the Adventist Retirement Board for uses permitted under HIPAA. Details regarding uses of PHI are available in the Adventist Retirement Plans Notice of Privacy Practices. This notice explains how certain health information about you and your covered dependents may be used or released by SHARP. A copy of the Notice of Privacy Practices, it is located on page 31 and on the Retirement website at www.adventistretirement.org. You may print it or call 301-680-6249 to request a copy.
The North American Division of Seventh-day Adventist Retirement Plans is the plan sponsor of the Supplemental Healthcare Adventist Retirement Plan. The Adventist Retirement Board of Trustees has been given the authority by the North American Division to oversee and administer the Plan. The Board, in turn, has authorized Adventist Risk Management, Inc. to administer the Plan claims on a day-to-day basis. The Plan is required by law to provide you with a copy of this Notice.

NOTICE OF PRIVACY PRACTICES

General Provisions

This Article of the Plan applies to the uses and disclosures of Protected Health Information ("PHI") made on or after April 14, 2004.

Uses and Disclosures of PHI

The North American Division of Seventh-day Adventist Retirement Plans/SHARP may use and disclose a Participant’s PHI for Plan Administration Functions, including, but not limited to, Treatment, Payment, and Health Care Operations. Notwithstanding anything to the contrary herein, the Sponsor may only use and disclose PHI to the extent of, and in accordance with, the uses and disclosures described in the Plan’s notice of privacy practices (as in effect at the time in question), as permitted by the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), or as otherwise Required by Law.

Restriction on Plan’s Disclosure to the Sponsor

Except as otherwise permitted or required by Law, neither Plan, nor any of its Business Associates, shall disclose PHI to the Sponsor except upon receipt of a certification from the Sponsor that the Plan has been amended to include the provisions of this Article.

Privacy Agreements of the Sponsor

As a condition for obtaining PHI from the Plan and its Business Associates, the Sponsor agrees it will:

a. Not use or further disclose such PHI other than
   1) as permitted or required by Section of this Article,
   2) as permitted by 45 Code of Federal Regulations ("CFR") Section 164.508, 45 CFR Section 164.512, or other sections of the regulations under HIPAA, or
   3) as Required by Law.

b. Ensure that any of its agents, subcontractors, and other parties to whom it provides PHI received from the Plan agrees to the same or substantially similar restrictions and conditions that apply to the Sponsor with respect to such information. To be considered
substantially similar, such restrictions and conditions must meet the requirements of 45 CFR Section 164.504(f)(2)(ii)(B).

c. Not use or disclose PHI for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Sponsor.

d. Report to the Plan any use or disclosure of PHI inconsistent with this Article of which the Sponsor becomes aware.

e. Make available PHI in accordance with the access requirements in 45 CFR Section 164.524 and for amendment in accordance with 45 CFR Section 164.526; and incorporate any amendments to PHI in accordance with the requirements of 45 CFR Section 164.526.

f. Make available the information required to provide an accounting of disclosures in accordance with 45 CFR Section 164.528.

g. Make the Sponsor’s internal practices, books, and records relating to the use and disclosure of PHI received from the Plan available to the Secretary of the U.S. Department of Health and Human Services for purposes of determining compliance by the Plan with HIPAA’s administrative simplification requirements. No attorney-client, accountant-client, or other legal privilege or the work product rule shall be or shall be deemed to have been waived by complying with this provision.

h. If feasible, return or destroy all PHI received from the Plan that the Sponsor still maintains in any form and retain no copies of such PHI when no longer needed for the purpose for which disclosure was made. If such return or destruction is not feasible, the Sponsor shall limit further uses and disclosures to those purposes that meet the requirements of HIPAA and that make the return or destruction of the information infeasible.

i. Ensure that there is adequate separation between the Plan and the Sponsor by implementing the terms of Section of this Article.

Adequate Separation between the Plan and the Sponsor

Any officer or employee of the Sponsor who serves as a fiduciary with respect to the Plan, and any officer or employee of the Sponsor (including, but not limited to, benefits, audit, legal, accounting, and systems personnel) who, from time to time in the ordinary course of business of the Sponsor, perform Plan Administration Functions related to the Plan, may be given access to PHI received from the Plan, subject to the following restrictions:

a. These persons may only have access to, and use and disclose, PHI for Plan Administration Functions that are performed by the Sponsor for or on behalf of the Plan; and

b. These persons shall be subject to disciplinary action and sanctions in accordance with the policies of the Sponsor, up to and including termination of employment, for any use or disclosure of PHI in
breach of, or in violation of, or in noncompliance with, the provisions of this Article or the law. The Sponsor shall arrange to maintain records of such violations, as well as disciplinary and corrective measures taken with respect to each incident.

Privacy Amendment and Security

The Health Insurance Portability and Accountability Act of 1996 (“HIPAA”) protects the privacy of certain types of individual health information, regulates the use of such information by the Plan and imposes certain security protection measures concerning electronic health information. The Department of Health and Human Services has issued regulations on this subject that can be found at 45 CFR parts 160 and 164 (“HIPAA Regulations”). The individual health information that is protected (“Protected Health Information” or “PHI”) is any information created or received by the Plan that relates to:

1. Your past, present or future physical or mental health or your past, present or future physical or mental condition
2. The provision of health care to you or
3. Past, present, or future payment for health care

However, HIPAA allows medical information, including PHI, to be disclosed by the Plan to the Plan Sponsor and to be used by the Plan Sponsor (the North American Division of Seventh-day Adventist Retirement Committee). The permitted disclosures to and uses by the Plan Sponsor of medical information are as follows:

1. The Plan may disclose summary health information to the Plan Sponsor if the Plan Sponsor requests the summary information for the purpose of a) obtaining premium bids for providing insurance coverage; or b) modifying, amending, or terminating the Plan (“Summary Information”). The Plan Sponsor may use Summary Information so received from the Plan only for these two listed purposes.
2. The Plan may disclose to the Plan Sponsor, and the Plan Sponsor may use, information on whether an individual is participating in the Plan or is enrolling or dis-enrolling in the Plan.
3. The Plan may disclose PHI to the Plan Sponsor and/or the Plan Sponsor may use such PHI if you have specifically authorized in writing such disclosure and/or use.
4. The Plan may disclose PHI to the Plan Sponsor, and the Plan Sponsor may use PHI, to carry out plan administration functions, such as activities relating to:
   a. obtaining premiums or to determining or fulfilling responsibility for coverage and provision of benefits under the Plan
   b. Payment for or obtaining or providing reimbursement for health care services – Payments under this Plan
generally are made either to the health care provider or to the retiree. All Participants should be aware that the Plan and the Plan Sponsor will be providing PHI concerning all dependents of an employee to the employee as part of the Explanation of Benefits and when reimbursing the employee for covered services under the Plan. If there is some reason why a dependent (spouse or child) of an retiree does not want the retiree to receive PHI, the dependent should so inform his or her healthcare provider and should also contact the Plan Administrator.

c. determining eligibility for the Plan or eligibility for one or more types of coverage or benefits provided under the Plan

d. coordination of benefits or determinations of co-payments or other cost sharing mechanisms

e. adjudication and subrogation of claims, billing, claims management, collection activities and related health care data processing

f. payment under a contract for reinsurance

g. review of health care services with respect to medical necessity, coverage under the health plan, appropriateness of care, or justification of charges

h. utilization review activities, including precertification and preauthorization of services and concurrent and retrospective review of services

i. disclosure to consumer reporting agencies of any of the following PHI regarding collection of premiums or reimbursement: name and address, date of birth, Social Security Number, payment history, account number and name and address of the health plan

j. medical review, legal services and auditing functions, including fraud and abuse detection and compliance programs

k. business planning and development, such as conducting cost-management and planning-related analyses relating to managing and operating the Plan, including formulary development and administration and/or the development or improvement of methods of payment

l. resolution of internal grievances

m. prosecution or defense of administrative claims or lawsuits involving the Plan or Plan Sponsor

n. conducting quality assurance and improvement activities, case management and care coordination
o. evaluating health care provider performance or Plan performance
p. securing or placing a contract for reinsurance of risk relating to health care claims, other activities relating to the renewal or replacement of stop-loss or excess of loss insurance
q. contacting health care providers and patients with information about treatment alternatives These uses and disclosures are consistent with HIPAA Regulations.

The Plan Sponsor has agreed to (and the Plan has received a certification from the Plan Sponsor evidencing such agreement) the following restrictions:

1. The Plan Sponsor will not use or further disclose the PHI except a) as described above or b) as otherwise required by law.
2. Any agents or subcontractors of the Plan Sponsor to whom the Plan Sponsor provides PHI will agree to the same restrictions and conditions on the use and disclosure of PHI that apply to the Plan Sponsor. Any agents or subcontractors of the Plan Sponsor to whom the Plan Sponsor provides electronic PHI must agree to implement reasonable and appropriate security measures to protect the information.
3. The Plan Sponsor will not use or disclose PHI for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Plan Sponsor.
4. The Plan Sponsor will report to the Plan any use or disclosure of the PHI that is inconsistent with the permitted uses and disclosures of which the Plan Sponsor becomes aware. The Plan Sponsor will report to the Plan any security incident of which the Plan Sponsor becomes aware.
5. The Plan Sponsor will give you access and provide copies to you of your PHI in accordance with the HIPAA Regulations.
6. The Plan Sponsor will allow you to amend your PHI in accordance with the HIPAA Regulations.
7. The Plan Sponsor will make available PHI to you in order to make an accounting of PHI in accordance with the HIPAA Regulations.
8. The Plan Sponsor will make available its internal practices, books and records relating to the use and disclosure of PHI received from the Plan to the Secretary of Health and Human Services (or the Secretary’s designee) for determining compliance by the Plan with the HIPAA Regulations.
9. The Plan Sponsor will, if feasible, return or destroy all protected PHI received from the Plan and retain no copies of the PHI when no longer needed for the purpose for which the disclosure was made, except that, if such return or destruction is not feasible,
limit further uses and disclosures to those purposes that make the return or destruction of the PHI infeasible.

10. The Plan Sponsor will, if feasible, return or destroy all protected PHI received from the Plan and retain no copies of the PHI when no longer needed for the purpose for which the disclosure was made, except that, if such return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction of the PHI infeasible.

11. The Plan Sponsor will ensure that adequate separation between the Plan and Plan Sponsor is established. Only the following employees or classes of employees or other persons under the control of the Plan Sponsor will be given access to the PHI to be disclosed:
   a. Officers of the Plan Administrator
   b. Employees of the Plan Administrator (NAD Retirement Plans Office)
   c. Plan Sponsor’s designated Benefit Coordinator and Controlling Committee

12. The Plan Sponsor will ensure that this adequate separation is supported by reasonable and appropriate security measures to the extent that these individuals have access to electronic PHI.

13. The Plan Sponsor will implement administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of electronic PHI that the Plan Sponsor creates, receives, maintains or transmits on behalf of the Plan, except enrollment/disenrollment information and Summary Information, which are not subject to these restrictions.

The access to and use by the employees described above is limited to the plan administration functions that the Plan Sponsor performs for the Plan. Employees who violate this section are subject to disciplinary action by the Plan Sponsor, including, but not limited to, reprimands and termination.

The Plan has issued a Privacy Notice which explains the Plan’s privacy practices and your rights under HIPAA. This Notice is available by contacting the Plan’s Privacy/Security Officer at the following address:

MEDICARE PRESCRIPTION DRUG PLAN INFORMATION

Important Notice about the SHARP 2017 Prescription Drug Coverage (Rx Option) and the Medicare Prescription Drug Coverage

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Supplemental Healthcare, Adventist Retirement Plan (SHARP) Rx Option and about your options under Medicare’s prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage under the SHARP Rx Option, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is provided at the end of this notice.

There are two important things you need to know about your current SHARP Rx Option coverage and Medicare’s prescription drug coverage.

1. Medicare prescription drug coverage is available to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. This coverage is sometimes referred to as Medicare Part D prescription drug coverage. In general Medicare Part D provides coverage for prescription drugs not covered under Medicare Part A and Part B. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some Medicare plans may also offer more coverage for a higher monthly premium.

2. The Supplemental Healthcare, Adventist Retirement Plan has determined that the prescription drug coverage offered under its Rx Option is, on average for all plan participants, expected to pay out as much as the standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage under Medicare. Because your prescription drug coverage under SHARP’s Rx Option is, on average, at least as good as standard Medicare prescription drug coverage, you can keep (or enroll in) SHARP’s Rx Option coverage (instead of enrolling in a Medicare prescription drug plan) and not pay a higher premium (a penalty) if you later decide to join a Medicare prescription drug plan.

When Can You Join a Medicare Drug Plan?

You can join a Medicare prescription drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you also will be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide To Join a Medicare Drug Plan?

If you decide to enroll in a Medicare prescription drug plan and drop (or decline to enroll in) SHARP Rx Option coverage, be aware that you will not be able to get the SHARP Rx Option coverage back.

Under SHARP, you are not allowed to receive prescription drug coverage under both Medicare prescription drug coverage and the SHARP Rx Option. You must choose one or the other. Therefore, it is important to make an informed deliberate decision. Do not enroll in Medicare prescription drug coverage "just in case."

38
You have the following two options concerning prescription drug coverage in the SHARP:

1. You may stay with SHARP’s Rx Option coverage and not enroll in the Medicare prescription drug coverage at this time. You will be able to enroll in the Medicare prescription drug coverage at a later date without penalty, either (1) during a Medicare prescription drug open enrollment period; or (2) if you lose coverage under SHARP.

2. You may drop your SHARP’s Rx Option coverage (when allowed to do so under SHARP), or decline to enroll in the Rx Option, and instead enroll in Medicare prescription drug coverage. If and when you enroll in a Medicare prescription drug plan, you become ineligible to participate in SHARP’s Rx Option, and SHARP will not assist you with the premium you will pay to participate in a Medicare prescription drug plan. You will not be able to enroll or re-enroll in SHARP’s Rx Option coverage until the next open enrollment period for such coverage, and you will only be able to enroll or re-enroll if you drop your Medicare prescription drug coverage. If you decide to enroll in a Medicare prescription drug plan and decline or drop SHARP Rx Option prescription drug coverage, be aware that you may not be able to get SHARP Rx Option drug coverage until the next open enrollment period. If you have chosen not to participate in the SHARP Rx Option, you may continue to participate in other SHARP options provided, such as Dental/Vision/Hearing and Base Option.

If you have questions, please contact us for more information about what happens to your coverage under the Rx Option if you enroll in a Medicare prescription drug plan. As stated above, if you enroll in a Medicare prescription drug plan, SHARP will drop your Rx Option (or not allow you to enroll in the Rx Option) and will not assist you with the premium you will pay to participate in a Medicare prescription drug plan. Although SHARP cannot state that in all cases its Rx Option prescription drug coverage is more advantageous than Medicare prescription drug coverage, in most cases you will have better prescription drug coverage under SHARP Rx Option than under Medicare prescription drug coverage and you will not benefit from enrolling in Medicare prescription drug coverage. One situation in which Medicare Prescription drug coverage may be more advantageous is if you qualify as a low-income retiree. If you have received an application to apply for low-income Medicare prescription drug coverage, you should carefully review our plan and Medicare Prescription drug coverage and judge for yourself.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?
You also should know that if you drop or lose your coverage with SHARP’s Rx Option, and don’t enroll in Medicare prescription drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare prescription drug plan later. If you go 63 continuous days or longer without prescription drug coverage that’s creditable coverage (at least as good as Medicare’s prescription drug coverage), your monthly premium for Medicare prescription drug coverage may go up at least 1% per month of the base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to enroll.

For More Information about This Notice or Your Current Prescription Drug Coverage:
Read the SHARP booklet carefully. Then, for further questions, contact our office (email and phone listed below) for further information regarding SHARP Rx Option. However, please note that our office cannot assist you with information about a Medicare Prescription Drug Plan.
E-mail: SHARP@nadadventist.org (preferred method).
SHARP Healthcare Enrollment line: (301) 680-5036 8:00 am -5:00 pm Monday-Thursday, Eastern Time.
NOTE: You will receive this notice every year. You will also get it before the next period you can join a Medicare drug plan, and if the SHARP Rx Option coverage changes. You also may request a copy at any time.

For More Information about Your Options under Medicare Prescription Drug Coverage:
More detailed information about Medicare plans that offer prescription drug coverage is available in the “Medicare & You” handbook. You’ll get a copy of the handbook every year in the mail from Medicare. You may also be contacted directly by Medicare prescription drug plans.
For more information about Medicare prescription drug coverage:
• Visit www.medicare.gov
• Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help.
• Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.
For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and whether or not you are required to pay a higher premium (a penalty).

Date: October 1, 2016

General Information

Administration

SHARP is governed by the Adventist Retirement Board, and administered by the Adventist Retirement Board. Claims are managed by Adventist Risk Management, Inc. (ARM).

Changes to Standard SHARP

The Adventist Retirement Board reserves the right to amend Standard SHARP based on financial considerations or other unanticipated circumstances such as changes to Medicare. This may result in changes in provisions, in contributions and in Earned Credits.

Plan Year

The SHARP Plan Year is January 1 to December 31. All benefit limits and deductibles are based on the Plan Year. A covered member who enrolls in SHARP during the Plan Year will have access to full limits and will be subject to full deductibles without proration.
### Glossary

<table>
<thead>
<tr>
<th>Term</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Adventist Retirement Board</td>
<td>means the board established by the NAD to maintain and amend from time to time Standard SHARP and the various other NAD programs available to NAD retirees.</td>
</tr>
<tr>
<td>Adventist Retirement Plan</td>
<td>means Seventh-day Adventist Retirement Plan of the North American Division and Auxiliary Benefits and the Adventist Retirement Plan.</td>
</tr>
<tr>
<td>ARM</td>
<td>means Adventist Risk Management, Inc.</td>
</tr>
<tr>
<td>Base Option</td>
<td>means a medical benefits option that supplements Medicare benefits as described in this document.</td>
</tr>
<tr>
<td>Canadian Retirement Plan</td>
<td>means the retirement plan sponsored by the Seventh-Day Adventists - Canadian Division.</td>
</tr>
<tr>
<td>Defined Benefit Plans</td>
<td>means the Seventh-day Adventist Retirement Plan of the North American Division and/or the Seventh-day Adventist Hospital Retirement Plan.</td>
</tr>
<tr>
<td>Defined Contribution Plan</td>
<td>means the Adventist Retirement Plan.</td>
</tr>
<tr>
<td>DVH Option</td>
<td>means the SHARP dental, vision and hearing coverage option described in this document.</td>
</tr>
<tr>
<td>Earned Credit</td>
<td>means the amount of health care assistance under SHARP based on Retirement Plan Service described in this document.</td>
</tr>
<tr>
<td>Eligible Dependent</td>
<td>means a child of an Eligible Retiree who satisfies the requirements for eligibility described in the Eligibility section of this document.</td>
</tr>
<tr>
<td>Eligible Retiree</td>
<td>means a retiree of an NAD participating employer organization who satisfies the requirements for eligibility described in the Eligibility section of this document.</td>
</tr>
<tr>
<td>Eligible Spouse</td>
<td>means a spouse of an Eligible Retiree who satisfies the requirements for eligibility described in the Eligibility section of this document, or an ex-spouse who is an Eligible Spouse with rights to coverage as an Eligible Spouse pursuant to a court order recognized by SHARP. A Spouse must be married to retiree at least one year prior to the effective date of retirement. A Spouse married after the retiree’s effective retirement date is considered a non-eligible spouse for purposes of the Plan.</td>
</tr>
<tr>
<td>HIPAA</td>
<td>means the Health Insurance Portability and Accountability Act of 1996, as amended.</td>
</tr>
</tbody>
</table>
“MCx Option” means Medicare Extension, a medical benefits option that supplements Medicare benefits as described in this document.

“Non-Medicare SHARP” means the health care plan offered to a child of an Eligible Retiree who is under age 26.

“North American Division” or “NAD” means the North American Division of the General Conference of Seventh-day Adventists.

“Plan Year” means the calendar year.

“Pre-Medicare SHARP” means the health care plan offered to retirees and their spouses who are not currently entitled to enroll for Medicare benefits, but who otherwise meet the requirements for eligibility described in the Eligibility section.

“Retirement Plan” means Seventh-day Adventist Retirement Plan of the North American Division and Auxiliary Benefits and the Adventist Retirement Plan.

“Retirement Plan Service” means the service credited under the NAD Defined Benefit Plan, the NAD Defined Contribution Plan or the Canadian Retirement Plan as described in this document and the NAD Retirement policy documents. Qualifying service records are maintained in the eAdventist Personnel database. Service under the Seventh-Day Adventist Hospital Plan does not count as Retirement Plan Service for purposes of SHARP Earned Credit.

“Rx Option” means the SHARP prescription drug coverage option described in this document.

“SHARP” means the Supplemental Healthcare Adventist Retirement Plan.

“SHARP Disability” means healthcare benefits offered to a participant who is less than age 65 with Medicare as primary coverage. (i.e: Social Security disability benefits.)

“SHARP Office” means the SHARP administrative staff of the Adventist Retirement Plans office listed in the Contact Information section of this document.

“Standard SHARP” means the plan of benefit options described in this document.
Appendix A: Preventive Care Services

The following is a list of preventive care services recommended by the U.S. Preventive Services Task Force, the Advisory Commission on Immunization Practices of the Centers for Disease Control, and the Health Resources and Services Administration. These preventive care services are covered either under Medicare Part B or under Standard SHARP. Any of the preventive services listed below which are not covered by Medicare Part B will be reimbursed under Standard SHARP at no cost to the covered individual. Standard SHARP will not pay for any of the listed preventive care services which are eligible for coverage under Medicare Part B, nor will it pay for services listed below that exceed the frequency specified. If a frequency for the service is not specified, one such service per calendar year will be covered. Claims for the preventive services listed below will be submitted to ARM at PO Box 1928 Grapevine, TX 76099-1928

Covered Preventive Services for All Adults

- **Abdominal Aortic Aneurysm** one-time screening for men of specified ages who have ever smoked
- **Alcohol Misuse** screening and counseling
- **Aspirin** use for men and women of certain ages
- **Blood Pressure** screening for all adults
- **Cholesterol** screening for adults of certain ages or at higher risk
- **Colorectal Cancer** screening for adults over 50
- **Depression** screening for adults
- **Type 2 Diabetes** screening for adults with high blood pressure
- **Diet** counseling for adults at higher risk for chronic disease
- **HIV** screening for all adults at higher risk
- **Immunization** vaccines for adults--doses, recommended ages, and recommended populations vary:
  - Hepatitis A
  - Hepatitis B
  - Herpes Zoster
  - Human Papillomavirus
  - Influenza (Flu Shot)
  - Measles, Mumps, Rubella
  - Meningococcal
  - Pneumococcal
  - Tetanus, Diphtheria, Pertussis
  - Varicella
- **Obesity** screening and counseling for all adults
• **Sexually Transmitted Infection (STI)** prevention counseling for adults at higher risk
• **Tobacco Use** screening for all adults and cessation interventions for tobacco users
• **Syphilis** screening for all adults at higher risk
• **Vitamin D** for individuals over age 65 who are at increased risk for falls

### Covered Preventive Services for Women

- **Anemia** screening on a routine basis for pregnant women
- **Bacteriuria** urinary tract or other infection screening for pregnant women
- **BRCA** counseling about genetic testing for women at higher risk
- **Breast Cancer Mammography** screenings every 1 to 2 years for women over 40
- **Breast Cancer Chemoprevention** counseling for women at higher risk
- **Breastfeeding** comprehensive support and counseling from trained providers, as well as access to breastfeeding supplies, for pregnant and nursing women
- **Cervical Cancer** screening for sexually active women
- **Chlamydia Infection** screening for younger women and other women at higher risk
- **Contraception**: Food and Drug Administration-approved contraceptive methods, sterilization procedures, and patient education and counseling, not including abortifacient drugs
- **Domestic and Interpersonal Violence** screening and counseling for all women
- **Folic Acid** supplements for women who may become pregnant
- **Gestational Diabetes** screening for women 24 to 28 weeks pregnant and those at high risk of developing gestational diabetes
- **Gonorrhea** screening for all women at higher risk
- **Hepatitis B** screening for pregnant women at their first prenatal visit
- **Human Immunodeficiency Virus (HIV)** screening and counseling for sexually active women
- **Human Papillomavirus (HPV) DNA Test**: high risk HPV DNA testing every three years for women with normal cytology results who are 30 or older
- **Osteoporosis** screening for women over age 60 depending on risk factors
- **Rh Incompatibility** screening for all pregnant women and follow-up testing for women at higher risk
- **Tobacco Use** screening and interventions for all women, and expanded counseling for pregnant tobacco users
- **Sexually Transmitted Infections (STI)** counseling for sexually active women
- **Syphilis** screening for all pregnant women or other women at increased risk
• **Well-Woman Visits** to obtain recommended preventive services

---

**Covered Preventive Services for Children**

• **Alcohol and Drug Use** assessments for adolescents
• **Autism** screening for children at 18 and 24 months
• **Behavioral** assessments for children of all ages (coverage for each child is for one screening during each of the age categories shown):
  • Ages: 0 to 11 months, 1 to 4 years, 5 to 10 years, 11 to 14 years, 15 to 17 years
• **Blood Pressure** screening for children (one screening during each of the age categories shown):
  • Ages: 0 to 11 months, 1 to 4 years, 5 to 10 years, 11 to 14 years, 15 to 17 years
• **Cervical Dysplasia** screening for sexually active females
• **Congenital Hypothyroidism** screening for newborns
• **Depression** screening for adolescents
• **Developmental** screening for children under age 3, and surveillance throughout childhood
• **Dyslipidemia** screening for children at higher risk of lipid disorders (one screening during each of the age categories shown):
  • Ages: 1 to 4 years, 5 to 10 years, 11 to 14 years, 15 to 17 years
• **Fluoride Chemoprevention** supplements for children without fluoride in their water source
• **Gonorrhea** preventive medication for the eyes of all newborns
• **Hearing** screening for all newborns
• **Height, Weight and Body Mass Index** measurements for children (one screening during each of the age categories shown):
  • Ages: 0 to 11 months, 1 to 4 years, 5 to 10 years, 11 to 14 years, 15 to 17 years
• **Hematocrit or Hemoglobin** screening for children
• **Hemoglobinopathies** or sickle cell screening for newborns
• **HIV** screening for adolescents at higher risk
• **Immunization** vaccines for children from birth to age 18 —doses, recommended ages, and recommended populations vary:
  ○ Diphtheria, Tetanus, Pertussis
  ○ Haemophilus influenza type b
  ○ Hepatitis A
  ○ Hepatitis B
  ○ Human Papillomavirus
- Inactivated Poliovirus
- Influenza (Flu Shot)
- Measles, Mumps, Rubella
- Meningococcal
- Pneumococcal
- Rotavirus
- Varicella

- Iron supplements for children ages 6 to 12 months at risk for anemia
- Lead screening for children at risk of exposure
- Medical History for all children throughout development (one screening during each of the age categories shown):
  - Ages: 0 to 11 months, 1 to 4 years, 5 to 10 years, 11 to 14 years, 15 to 17 years
- Obesity screening and counseling
- Oral Health risk assessment for young children (one screening during each of the age categories shown):
  - Ages: 0 to 11 months, 1 to 4 years, 5 to 10 years
- Phenylketonuria (PKU) screening for this genetic disorder in newborns
- Sexually Transmitted Infection (STI) prevention counseling for adolescents at higher risk
- Tuberculin testing for children at higher risk of tuberculosis (one screening during each of the age categories shown):
  - Ages: 0 to 11 months, 1 to 4 years, 5 to 10 years, 11 to 14 years, 15 to 17 years
- Vision screening for all children

PREVENTIVE CARE SERVICES – PRESCRIPTION

The Plan pays benefits for Preventive Care Prescriptions as required by health care reform. These Prescriptions are summarized below. The Plan pays 100% of the cost of these Covered Services, without co-payments, and the Plan deductibles do not apply. Claims for prescriptions drugs in this category will be submitted directly to Express Scripts for reimbursement. You may obtain a claim submission form by contacting Express Scripts.

The following list of preventive medications shall be used as a guide and should not be considered a comprehensive listing of medications available or covered without cost-sharing.

Coverage of any of the listed medications (including all over-the-counter medications) requires a prescription from a licensed health care provider and must be filled at a
participating network pharmacy. Additional plan requirements may apply (i.e., pre-authorization, home delivery).

**Drug or Drug Category**

1. **Aspirin** – to prevent cardiovascular events; Aspirin 81 MG and 325 MG
   a. Men ages 45 to 79 years

8. **Vitamin D**; Vitamin D 1,000 units or less per dose unit; calcium with vitamin D
   a. Men and women ages >65 who are at risk of falls
Instructions for Completing the SHARP Forms

The Eligible Retiree and/or Eligible Spouse must be enrolled in Medicare.

1. The SHARP form completion depends upon meeting the eligibility requirement for the Standard SHARP or the Pre-Medicare/Non-Medicare Options. Refer to the Eligibility section of this document to determine which coverage is the correct one for your needs. **All Medicare-eligible** individuals may only choose from the Standard SHARP-Ex Option.

2. For each individual seeking healthcare benefits please complete the Name, Date of Birth (DOB) and Social Security Number (SSN) on the form. Use the Standard SHARP Form for age 65 and older. Use the Pre-Medicare/Non-Medicare SHARP form for those less than age 65, not Medicare eligible and dependent children. Use the Standard SHARP – Disability status form for those less than age 65 with Medicare Part A and Part B. Enter the dollar amount for the options selected.

3. Pre-Medicare: Remember inpatient & outpatient medical benefits are separate from DVH & Rx benefits. If the Pre-Medicare retiree wishes to also have dental, vision, hearing and prescription benefits he/she *must enroll separately* using the Pre-Medicare/Non-Medicare form. Refer to the Pre-Medicare/Non-Medicare document Schedule of Benefits.

4. Non-Medicare: This coverage includes medical inpatient and outpatient expenses, dental, vision, hearing and prescription drugs as described within the policy. Refer to the Pre-Medicare/Non-Medicare document Schedule of Benefits.

5. Total ALL monthly selections.

6. If the retiree meets the eligibility requirements refer to the Earned Credit Table in the Earned Credit section. Enter the Earned Credit for the retiree, spouse and dependent child. Remember, only spouses who are eligible on the date the retiree has retired are eligible for the Earned Credit. Special enrollees are not eligible for Earned Credit.

7. Add the total cost of all Options selected. Subtract the Earned Credit if eligible. The “Total” will be the monthly cost for the retiree’s elected benefits.

8. For each individual who selects SHARP Options, Step 6 should be completed.

9. **Read all conditions carefully and sign the form.** Return the form within 30 days of retirement to the SHARP Office for processing. If there is no signature, the application and enrollment will NOT be processed.

10. For assistance with the enrollment process please contact the SHARP Office at: 301-680-5036 / Monday–Thursday / 8 a.m. – 5 p.m. Eastern Standard Time.

Please enroll me in the SHARP DVH coverage as requested above. I authorize SHARP deduct monthly contributions from my pension. If there are no monthly pension funds to cover this amount, I will make advance monthly payments. I understand that:

- SHARP provides Medical and Prescription Drug assistance for age 65+ enrollees only through funding into a Healthcare Reimbursement Account (HRA). I will work with Aon Retiree Health Exchange to enroll in the plan(s) that best meet my needs separately from this SHARP enrollment.
- For age 65+ enrollees, SHARP only provides a Dental/Vision/Hearing option. I can opt out of DVH now, resulting in a larger contribution to my HRA. I will not have a future DVH open enrollment.
- My non-eligible spouse may participate in SHARP, but will receive no financial assistance towards options selected.
- SHARP’s DVH option includes calendar year deductibles and maximums, neither of which will be prorated during enrollment year.
- Age 65+ enrollees must also enroll directly in Medicare A and B. Medicare rules regarding delayed enrollment in Medicare B (outpatient) or Medicare D (prescription drug coverage) may result in a Medicare premium penalty. It is my responsibility to enroll with Medicare on a timely basis.
- All service credit and other information will be reviewed by the Retirement Office before finalization. A SHARP employee will contact me to step through my selections.
- SHARP does not provide annual or three-year anniversary open enrollments.

**Pre-Medicare**

- Pre-Medicare - $450/month/person
- Minus Pre-Medicare Earned Credit:  
  -  
  -  
- Net Pre-Medicare Cost: $0.00
- Pre-Medicare Dental/Vision/Hearing- $90/month/person
- Pre-Medicare Rx - $120/month/person
- Gross Pre-Medicare DVH and/or Pre-Medicare Rx Cost: $0.00
- Minus SHARP Earned Credit:  
  -  
  -  
- Net Cost: $0.00
- Total Pre-Medicare/DVH/Rx: $0.00

**Non-Medicare**

- Non-Medicare -- $130/month/child
- Minus Earned Credit:  
  -  
  -  
- Net Non-Medicare Cost: $0.00

**Total Cost for All Options Selected**

- Total: $0.00

Please enroll me in the SHARP coverage as requested above. I authorize SHARP to deduct monthly contributions based on the options I have selected. If the cost is greater than my pension, I will make advance monthly payments. I understand that:

- SHARP Pre-Medicare Medical and Prescription Drug options will cease at age 65 when I will be given opportunity to join an exchange option.
- My non-eligible spouse may participate in SHARP, but will receive no financial assistance towards options selected.
- SHARP’s DVH and Pre-Medicare options include calendar year deductibles and maximums, neither of which will be prorated during enrollment year.
- It is my responsibility to notify SHARP when any children enrolled above are no longer eligible to participate.
- The Pre-and Non-Medicare options are part of a PPO network. The use of out-of-network providers may result in increased personal responsibility.
- The Pre-Medicare medical option does not include Rx or DVH.
- All service credit and other information will be reviewed by the Retirement Office before finalization. A SHARP employee will contact me to step through my selections.
- SHARP does not provide annual or three-year anniversary open enrollments.
