RETIREMENT

December 7, 2017

We recently received information that unauthorized attempts to access Adventist Retirement Plan accounts may have been made. Empower Retirement has given us reason to believe that unauthorized attempts to access participant accounts were made by family members or acquaintances of the rightful account owners. We have been working closely with Empower Retirement to investigate this matter.

Out of an abundance of caution, we have placed a higher level of security on distributions from participant accounts. So, if you request a distribution, you may be contacted via phone by Empower Retirement to verify that you have requested a distribution.

We want to assure you that there is no evidence that your account has been affected. It is critical that retirement plan participants keep their login information confidential. As an extra precaution for all participants we strongly urge you to do the following:

- 1.) Review your account to verify that no unauthorized distributions have occurred.
- 2.) Change your password/credentials immediately.

To update your credentials, please log in to your account at empowermyretirement.com or contact Empower Retirement at **866-467-7756**. Representatives are available weekdays between 9 a.m. and 8 p.m. Eastern time. The TTY number for those with a hearing impairment is 800-766-4952.
